Model of Therapeutic Care

securestart.com.au

Help children & young people recover from adverse experiences & thrive!

- ❖ Grow therapeutic care environments that support a child's recovery from adverse childhood experiences
- ❖ Grow a common understanding, a common language, and a common approach
- ❖ Grow confident and competent carers and support professionals
- ❖ Grow independent problem-solving
- ❖ Grow service-wide fidelity and accountability

The *Triple-A Model of Therapeutic Care* is a comprehensive approach to supporting children's recovery from adverse childhood experiences, drawn from psychological science*. Triple-A incorporates an implementation framework for:

- ❖ Foster and Kinship Carers
- ❖ Alternate Care Professionals
- ❖ Adoptive Parents
- ❖ Teachers

The three 'A's stand for:

- ❖ Attachment
- ❖ Arousal
- ❖ Accessibility (to needs provision)

Currently implemented in Donegal, Ireland.
